SKILLS

Languages:	Python, DBMS, C, C++, DSA, Java
Tools/Platforms:	Power BI, Excel, Jupyter, GeeksforGeeks
Database:	MySQL
Web Framework:	Django
Soft Skills:	Problem-Solving, Team Player, Quick Learner, Adaptability

PROJECTS

Public Library Dashboard Microsoft Excel, Pivot Tables & Pivot Charts, Slicers LINK	Feb'25
- Designed an interactive Excel dashboard by adding slicers for dynamic filtering, allowing users to explore data by category, date, or region. - Enhanced clarity and attractive charts (bar, line, pie, Donut) and used conditional formatting to highlight important insights and patterns. - Published the dashboard online for public access and arranged all elements in a clean, user-friendly layout to enhance readability and decision-making.	
Student Management System Python, Django, HTML, CSS, Bootstrap, SQLite LINK	Feb' 26
- Developed a web-based Student Management System using Django to manage student records efficiently through a user-friendly interface. - Implemented CRUD operations (Add, Update, Delete, View) for student data and integrated Django ORM with SQLite database for efficient data storage and management. - Designed responsive web pages using HTML, CSS, and Bootstrap, replacing manual record keeping with an automated digital system for better accuracy and efficiency.	

INTERNSHIP

DATA ANALYTICS INTERNSHIP-DELOITTE (FORAGE) LINK	Jun'25
- Completed hands-on data analysis tasks using real-world scenarios and practical problem-solving tasks. - Analyzed datasets to identify trends, patterns, and insights that supports to business decision-making. - Build foundation knowledge in forensic technology and data analytics used in business investigations.	

TRAINING

Data and Structure with C++ Lovely Professional University LINK	Jun' 25– Jul' 25
- Studied core C++ programming concepts, including loops, functions, OOP basics, and file handling. - Learned fundamental Data Structures & Algorithms such as arrays, linked lists, stacks, queues, and basic sorting/searching. - Practiced applying DSA concepts to build small console-based applications and improve problem-solving skills.	

CERTIFICATES & CERTIFICATION

Unrevealing Basic Python towards ML/AI CSE PATHSHALA	Feb' 24
Cloud Computing NPTEL	Apr' 25
Responsive Web Design freeCodeCamp	Oct' 23
Computational Theory: Finite Automata Theory Infosys	Sep' 24
Master Generative AI & Generative AI Tools Udemy	Oct' 24

ACHIEVEMENTS

• ADOBE INDIA HACKATHON CERTIFICATE OF PARTICIPATION UNSTOP	Jul' 25
---	---------

EDUCATION

Lovely Professional University Bachelor of Technology (CSE) CGPA:7.18	Phagwara, Punjab Aug' 23 – Present
Mahila College Intermediate; Percentage:73.6%	Arrah, Bihar Mar' 21 – May' 22
D.A.V Public School Matriculation; Percentage:67.8%	Arrah, Bihar Mar' 19 – May' 20
